**Libre**  
FLASH GLUCOSE MONITORING SYSTEM

  
*life. to the fullest.®*  
**Abbott**

The FreeStyle Libre flash glucose monitoring system is indicated for measuring interstitial fluid glucose levels in adults aged 18 years and older with diabetes mellitus. Always read and follow the label/insert. The FreeStyle LibreLink app is only compatible with certain mobile devices and operating systems. Please check the website for more information about device compatibility before using the app.  
\* The LibreView website is only compatible with certain operating systems and browsers. Please check [www.LibreView.com](http://www.LibreView.com) for additional information.

# Patients can check their glucose with the FreeStyle LibreLink app,\* and you see their data with LibreView†

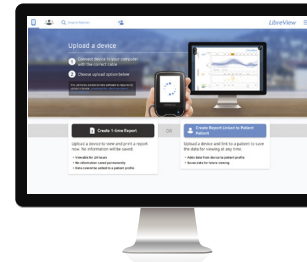

## Convenient for your patients

Patients can easily check their glucose using the FreeStyle LibreLink app, their FreeStyle Libre reader, or both

## LibreView

## Convenient for you

Patients' glucose data are automatically uploaded‡ from their phone to LibreView – no need for office staff to download the data

\* The FreeStyle LibreLink app and the FreeStyle Libre reader have similar but not identical features. A finger prick test using a blood glucose meter is required during times of rapidly changing glucose levels when interstitial fluid glucose levels may not accurately reflect blood glucose levels or if hypoglycemia or impending hypoglycemia is reported by the FreeStyle LibreLink app or when symptoms do not match the app readings. The FreeStyle Libre sensor communicates with the FreeStyle Libre reader that started it or the FreeStyle LibreLink app that started it. A sensor started by the FreeStyle Libre reader will also communicate with the FreeStyle LibreLink app. The FreeStyle LibreLink app is only compatible with certain mobile devices and operating systems. Please check the website for more information about device compatibility before using the app. Use of FreeStyle LibreLink requires registration with LibreView.

† The LibreView website is only compatible with certain operating systems and browsers. Please check [www.LibreView.com](http://www.LibreView.com) for additional information.

‡ Use of FreeStyle LibreLink requires registration with LibreView. Automatic upload requires a wireless internet connection or mobile data connection.

# Generate glucose reports on demand to support effective diabetes management

## Easy upload

Glucose data are automatically uploaded\* from patients' FreeStyle LibreLink app to LibreView and can be manually uploaded from the FreeStyle Libre reader

## Remote access

Log in and view standardized reports from any internet-connected computer

## Secure and reliable

Glucose data are available online through a secure, cloud-based system at no cost

Note: Select LibreView reports shown here.  
Complete reports available at LibreView.com.

# Patients can use the FreeStyle LibreLink app to easily share their glucose data with you remotely

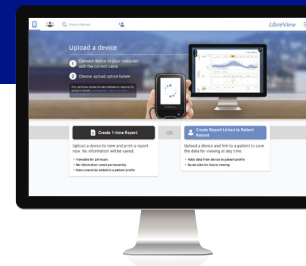

## CONNECT TO A PRACTICE using the FreeStyle LibreLink app

Connect to a Practice is a FreeStyle LibreLink feature that lets patients easily share their glucose data with your practice through LibreView

## A secure online tool to view patients' glucose data

Your patients' glucose data are automatically uploaded\* to LibreView, a cloud-based system that enables you to access reports on demand

LibreView

### Easily connect

Patients can initiate the connection or they can accept an invitation from your practice

### Convenient for you

Once connected, patients' glucose data are automatically uploaded\* from the FreeStyle LibreLink app to LibreView – no need for office staff to download the data

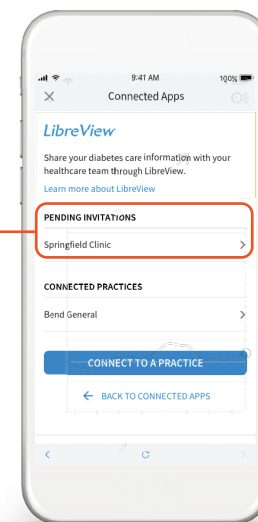

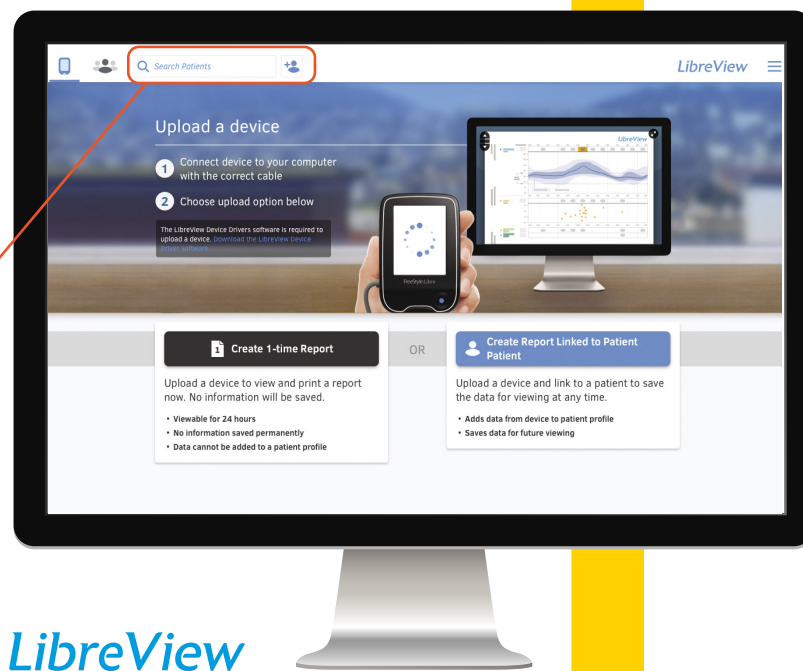

### Virtual office visits

Easy access to glucose reports for more informed treatment decisions and productive conversations

# Easy to invite patients to automatically share their glucose data with your practice

## Option 1: Invite patients to connect from LibreView

1. Search for a patient or click the “Add Patient” icon  at the top of the navigator bar
2. In the patient’s profile, select invite and use the email associated with their account
3. Patients receive invitations in their FreeStyle LibreLink app and in their email

Patient accepts invitation in the FreeStyle LibreLink app or in their email

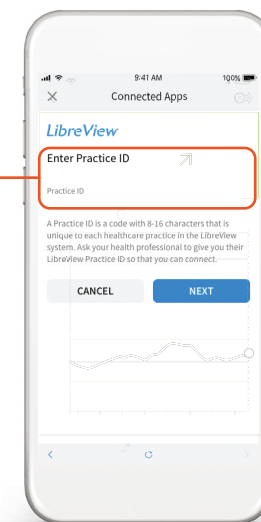

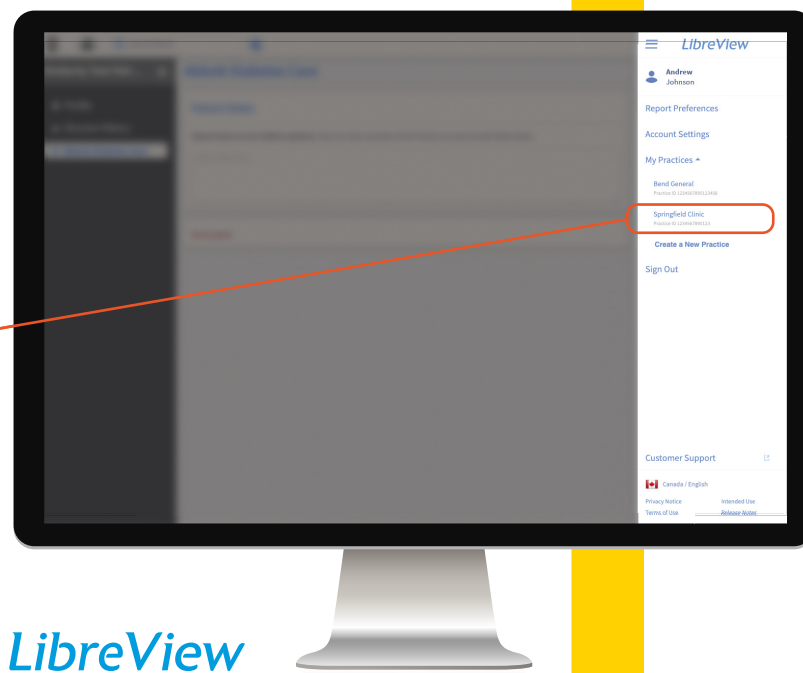

**Need help? Call Abbott’s HCP Customer Care line at 1-844-610-1001 or visit the “Support” section on [www.LibreView.com](http://www.LibreView.com)**

# Give patients your LibreView Practice ID so they can easily enable data sharing from the FreeStyle LibreLink app

## Option 2: Patients enable data sharing with your practice

Provide your patients with your Practice ID, which is available in LibreView under “My Practices”

Patient enters the Practice ID  
in the FreeStyle LibreLink app  
to enable connection

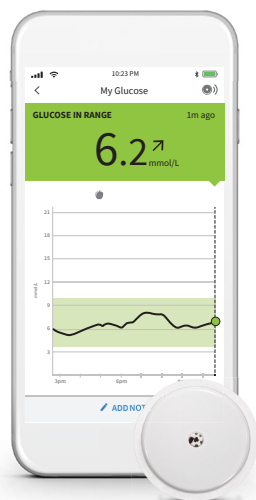

**Need help? Call Abbott's HCP Customer Care line at 1-844-610-1001  
or visit the “Support” section on [www.LibreView.com](http://www.LibreView.com)**
